

## Release Notes 2.6.8

May 15, 2006

The following items have been moved (migrated) to Production for use by Agencies beginning on May 15, 2006.

- A modification has been made to the personnel daily interface. NOA 825 actions (Separation Incentive) will now be passed to DFAS with a sequence number that is greater than the sequence number for the separation action. Based on DFAS requirements, the order of processing is to apply the separation actions first, followed by the separation incentive actions. Previously, the separation incentive payments did not get applied to the employee's record correctly. Users should still follow normal processing procedures and process separation incentive actions prior to processing the separation in EHRP.
- A modification has been made for retained grade/pay employees. As of May 1, 2005 employees in pay rate determinants 3, A, B, E, F, J, K, U or V are no longer eligible for locality adjustment. Instead, locality is rolled-up into Base Pay.
- A modification has been applied to force the user to change the National ID using 002 corrections for all OPM NOA Codes. Previously, the National ID field on the Personal Data Tab of the PAR Page was updated without having to process a 002 correction.
- A modification has been made to the CIDB "Full Export" interface to ensure the correct SSN value is retrieved.
- A fix was applied to the SF-50 to display the approval date on the SF50 box 49 which is the date the 002 correction was processed. Previously, the approval date box appeared blank on 002 corrections.
- Based on the eWITS project guidelines, a request has been made to deactivate and activate the legal values for the Area of Consideration field in Job Requisition 1 effective June 4, 2006. This change will aid in integrating eWITS with EHRP recruitment actions using workflow. The changes are as follows:

Value	Description	Status
A	Agency	Inactive
E	External Government	Inactive
F	Federal Government	Inactive
N	Nationwide	Inactive
S	Subagency	Inactive
W	Worldwide	Inactive
P	Public	Active
T	Status	Active
I	Internal	Active

- The following wage rate tables were loaded:
  - 068R effective 10/30/2005
  - 010R effective 5/14/2006
- The following tax locality value was loaded: 09680 (Brunswick, OH).
- The following NOA Codes, legal authority codes, and PAR remarks were loaded effective 3/14/2005 and 4/30/2006.

**Effective 4/30/2006**

#### Legal Authority Codes

- Q3A
- Q3B
- V9N
- V9P
- ZSL

#### Updated Translations for NOA Codes

- 713
- 891
- 892
- 893
- 878

#### Inactivated NOA Code

- 849

Effective 3/14/2005

#### PAR Remarks

- |       |       |
|-------|-------|
| • M37 | • M54 |
| • M41 | • M55 |
| • M43 | • M56 |
| • M47 | • C06 |
| • M48 | • C07 |
| • M49 | • K17 |
| • M50 | • K18 |
